Competition Format and Rules

Formato e regras da competição / Format et règles de la compétition

Olympic competition format

The competition consists of 24 men's and 24 women's teams, each made up of two athletes. The format of the men's and women's events are the same, with 54 matches played in each.

Preliminary phase

The teams are divided into six groups of four, and play in a round robin format – each team will play every other team in their group. This is followed by the lucky loser round.

Seeding of the teams and pool allocation will be determined by a draw conducted by the International Volleyball Federation (FIVB) in cooperation with Rio 2016 no later than one week before the start of the competition.

Qualification to final phase

Sixteen teams qualify for the final phase of the men's and women's events.

- The 12 teams finishing in the top two positions in each group advance.
- The two third-placed teams with the best pool-stage ranking progress.
- The remaining third-placed teams enter the lucky loser round (third vs sixth and fourth vs fifth), with two teams qualifying.

The six teams finishing third in their pool are ranked according to their points tally, then set and points ratio. If two or more teams are still tied their ranking will be determined by a draw.

Final phase

The 16 teams in the final phase compete in a knockout format, with the winners of each match advancing to the next stage and the losers being eliminated from the competition.

The eight winners from the round of 16 qualify for the quarter-finals, the winners of which progress to the semi-finals. The winners of the semi-finals advance to the gold medal match and the losers meet in the bronze medal match.

Draw for the final phase:

Seeding of the 16 teams will be in accordance with FIVB regulations — the six pool winners will be placed in predefined positions in the final phase bracket (A1, E1, D1, C1, F1, B1). The remaining 10 teams will be drawn and put into the brackets.

Differences between FIVB World Championships and the Olympic Games

- The world championships has 48 teams per gender. Divided into 12 pools of four teams, the top two in each pool and the eight best third-placed teams qualify for the round of 32. There is no lucky loser play-off.
- Four teams per NOC (and six teams from the host NOC) are allowed in the world championships. Only two teams per gender per NOC are allowed in the Olympic Games.
- An automatic seeding system is used at the world championships.
- Results at the Olympic Games do not count towards world rankings.

Changes since the London 2012 Olympic Games

None.

Sport rules and procedures

Scoring

Matches are the best of three sets with the first two played to 21 points and the third, if needed, played to 15 points. At least a two-point margin of victory (unlimited) is needed to win every set.

Beach volleyball uses the rally point system (RPS): the team winning a rally scores a point regardless of which team is serving. When a team wins a rally, it gains a point and the right to serve.

Two points are awarded to the winner of each pool stage match and one point to the loser. A team that forfeits a match receives no points.

Ranking in Pools

Ranking in the pool stage will be determined by the total number of points, but if a tie should occur the following rules apply:

Tie between two teams:

- If teams have played against each other, the winner of that match is ranked higher.
- If the teams concerned have not played against each other, their ranking is determined by the points ratio between all teams in the pool.
- If still tied the teams will share the same rank.

Tie between three teams:

- If three teams are tied by points, their rankings are determined by the points ratio in the matches between the three.
- If still tied the teams are ranked by the points ratio between all teams in the pool.
- If still tied the teams will share the same rank.

Tie between four teams:

- The ranking is determined by the points ratio between all teams in the pool.
- If still tied the teams will share the same rank.

A tie at the end of the preliminary phase

Tie between two teams:

- The winner of the head-to-head match is ranked higher.

Between three teams:

- The ranking is determined by the points ratio in the matches between the three.
- If still tied their rankings are determined by the points ratio between all teams in the pool.
- If still tied their rankings are determined by a draw.

Protests – appeals

The FIVB Control Committee will make decisions in accordance with FIVB regulations.

All protests and appeals must be lodged with the FIVB Control Committee in writing, no later than 60 minutes after the end of the match, and should be accompanied by a deposit of 500 dollars.

Protests based on the rules of the game will be studied and resolved by the referee delegate and passed on to the FIVB Control Committee no later than six hours after the protest is submitted. A final verdict will be given by the jury no later than 12 hours after the protest is submitted or at the latest, before the start of the following match of the team concerned.

FIVB Control Committee members of the same nationality as the team making a protest will be excluded from the deliberations when the protest is being studied.

FIVB Control Committee

The judges and jury for beach volleyball are chosen in accordance with FIVB regulations. The FIVB Board of Administration will appoint 10 FIVB Control Committee members, two technical delegates and one referee delegate who will also perform the duties of jury of appeal.

The FIVB will be responsible for the technical control and direction of the Olympic beach volleyball competition.

Appointment of referees

A total of 16 referees oversee the competition, appointed by the FIVB from the pool and the host international pool. The FIVB will be responsible for appointing referees for each match.

Beach volleyball rules

The beach volleyball competition at the Rio 2016 Olympic Games will be held in accordance with the Official Beach Volleyball Rules, Edition 2013-2016, with the Olympic Charter in force at that time.

The FIVB assumes the responsibility for technical control and direction of its sport at the Olympic Games.

The Official Beach Volleyball Rules can be found on the FIVB website, <http://www.fivb.org>.

Penalties/Disqualification Rules

In accordance with the FIVB Official Rules.
